

Mavilor Motors S.A.
Poligon Industrial Can Bernades i Sobirà
C/ Empordà 11-13
08130 Santa Perpètua de Mogoda, Spain
2026.03.23

TECHNICAL STATEMENT

Statement:

Mavilor Motors S.A.U. hereby declares that all **motors** manufactured by the company are **designed for intermittent duty cycles type** as defined in IEC 60034-1.

BRAND: INFRANOR MAVILOR

- Alternate Current (AC) and Direct Current (DC) Servomotors
- Motors for Special Applications

These motors are engineered for **intermittent operation**, with thermal performance dependent on the application and duty cycle defined by the end user.

This declaration applies to **all Mavilor servomotor models**, regardless of configuration, series, or specific options.
